5150 Power Control Series Documentation CD

This Documentation Kit provides the information you need to install your hardware and software.

Release Notes

The Release Notes describe any notes and restrictions in the current release for all 5150 Power Control Series units. MRV recommends that you take a few moments to familiarize yourself with the contents of a given release prior to installing the software.

Release Notes	Version	Document Number
5150 Power Control Series Release Notes	1.0k	450-0147F

Software Files

The following is a list of the available images in the Software directory on the CD.

File Types	Name	Version
5150 Software	mrsv-v10k.hex	1.0k

Reading PDF Files

Most of the documents contained in this kit are in PDF file format and require that you have Adobe Acrobat Reader installed on your computer. Documents in PDF format can be viewed using one of the complimentary Adobe Acrobat® Readers contained in the Acrobat folder on this CD.

- **Acrobat Reader for Windows 95, 98, NT, and Windows 2000**
- **Acrobat Reader for Sun Solaris**
- **Acrobat Reader for Sun OS**
- **Acrobat Reader for HP-UNIX**
- **Acrobat Reader for Linux**
